Several months ago Alex Riston put in a compressed air pump in front of his store for free use of bicycle riders, and it has proven to be quite a convenience. The one hundred pound tank has to be filled by hand work, and it is no small job to fill it. Some young fellows have been so ungrateful for the accommodation given to the public by Mr Riston that on several occasions in passing along at night they have let all the air out of the tank. Don't do it again boys, it might not be well for you. Collided With a Horse. Katie, nine-year-old daughter of Frank Braeken, had a narrow escape from serious injury Saturday evening by colliding with a horse while riding a bicycle up Main street. Katie was not riding fast and the horse was walking slow or the collision would have been serious. It was getting dark and the gentleman driving the horse did not see the little girl until the horse had knocked her down, but he stopped the animal before it stepped on her. The girl escaped without injury and the bicycle was not damaged much. The mishap drew a large crowd in short order. Supposed to be Incendiarism. Between two and three o'clock last Wednesday morning Black's portable saw mill, which was located on the Allen Burtop timber lot, near Allens Mills, and 200,000 feet of lumber, were totally destroyed by fire. The fire was not discovered until the roof was all ablaze and a board pile near by was on fire. There was nothing saved out of the mill and it was by hard work that several large board piles were saved. The origin of the fire is unknown, but it is supposed by some that the mill was set afire. The loss amounts to about \$5,000, with no insurance. The lumber belonged to Allen Burtop.

Death of Mrs. E. L. Johnston. Mrs. Sarah Rebecca Johnston, wife of E. L. Johnston, died at the home of her sister, Mrs. George Small, in Knox township, Thursday morning, August 17th, from diabetes. FIREMEN AT BRADFORD. Hope Fire Co. Admitted to the Association—Kane Next Year. Hope Fire Co. (recently changed from Fire Co. No. 1) of this place, accompanied by the Keystone band, left in two special cars Thursday morning for Bradford to attend the convention of the Northwestern Firemen's Association. One of the cars was conceded to be the most handsomely decorated that has entered the oil town in several years. The fire ladders were royally received and magnificently entertained. The decorations on the principal streets were done by professional decorators from Buffalo and cost thousands of dollars. The streets were a blaze of brilliant colors. The citizens of Bradford, with the firemen, vied with each other in making the visitors feel at home, and well did they succeed. During the stay three free balls and three receptions were given to the visiting firemen. Wednesday evening one of the finest banquets ever held at Bradford was given at the St. James to the chiefs and delegates. Thursday the parade lined up 56 companies strong with 20 bands. There were 1700 uniformed firemen in line. Although the thermometer indicated over 90 degrees in the shade the "boys" stuck manfully to their sultry job of marching seven miles. The parade was nearly two miles long and it took over an hour to pass a given point. The prize races took place Friday afternoon. There were over twenty entries. Butler won the hose race and in doing it broke all records, running the 200 yards and coupling ready to throw a stream of water in the amazing time of 27.25 seconds. This is one-fifth of a second faster than any previous contest. Ridgway captured second in this race in 28.1-5 seconds. In the hub and hub race Ridgway won first in 22.2-5 and Butler second in 23 seconds. Fast time was made in the hook and ladder race, but as there is a protest entered it is not known who is the winner. The DuBois Drill Co. won first prize, \$100.00, in the prize drill contest. Renovo won second prize. The business meeting was held Wednesday afternoon and evening. There was a vigorous fight made against enlarging the district, but by some fine wire pulling and the hearty support of the leading men from Ridgway, Kane, Smethport, Bradford and other places what at first seemed defeat turned into a glorious victory, as Reynoldsville was elected by 107 votes out of 108 delegates present. DuBois had a hard row to hoe and barely received enough votes to be admitted. This was owing to the fact of their having belonged to another district. Had it been known that they had asked for the convention of the Central district in 1900 it is doubtful if they would have received a vote. However all is well that ends well. Our firemen received great praise for the neatness and handsome appearance of their uniforms, not to mention wearers of the same. The band, too, came in for a share of praise and was heartily cheered wherever it played. The return was made on a special train late Friday night. Every person present speaks highly of the grand time they had and their only wish is that the next convention, which is to be held at Kane, may be half as pleasant. W. C. T. U. Convention. The fourteenth annual convention of the Woman's Christian Temperance Union of Jefferson county, will be held in the Presbyterian church at Falls Creek, Wednesday, Thursday and Friday, August 30, 31 and September 1, 1899. Six sessions will be held, beginning Wednesday afternoon. An interesting program is being prepared and the meeting promises to be one of unusual interest to all who attend. Reward Notice. A report has been put in circulation that parties were seen swimming in one of the Water company's dams. Investigation on part of the company has proven this report not to be true, but to guard against a future trespass of the above character the company will pay a reward of \$20.00 to any one furnishing evidence of any one swimming in any of the company's dams. M. M. DAVIS, Secretary. The evangelistic meetings at the gospel tent on South street conducted by Rev. Booth are well attended and of much interest. The reverend gentleman is doing a good work, is enthusiastic in his efforts and preaches the plain truths of the gospel in a forceful and entertaining manner.—Ridgway Democrat. Rev. Jacob Booth, of Reynoldsville, is the gentleman referred to by the Democrat. Come and see the bargains we have in shoes for 50 and 75c—Robinson's. Call and examine our line of new buggies.
